

Ms. Arlene Yakeley, Chair
Edmonton Police Commission
Suite #171, 10235 – 101 Street
Edmonton, AB T5J 3E9

October 13, 2011

Dear Arlene:

On behalf of the members of the Alberta Association of Police Governance, I wish to thank you and the Edmonton Police Commission for your past support of the AAPG and to ask the Edmonton Police Commission to continue its support in the coming year.

Annually, since 2009, both the Edmonton Police Commission and the Calgary Police Commission have provided \$5000 in support of the AAPG office. With this letter, and enclosed invoice, we encourage your commission to renew its annual grant for 2012.

As you know, prior to 2009, AAPG operated off the corner of a desk in the police commission office in Edmonton or Calgary. With your continued support, the AAPG has been able to hire its own executive director, establish a sustainable presence in the policing community, and secure government support for another three years.

AAPG priorities for the support of our members over the next three years include the pursuit of policy and legislative change related to effective policing, developing governance toolkits and training opportunities for members, fostering our relationship and influence with government, encouraging the development of new policing committees, and the continuation of AAPG's regular newsletter and annual conference.

If there is any other way in which the AAPG can be of support to the Edmonton Police Commission, please let us know.

With sincerest regard,

Doug McLaughlin
Chair
