REPORT TO THE EDMONTON POLICE COMMISSION

DATE: 2012-03-23

SUBJECT: Follow up Information for the Edmonton Police Commission

RECOMMENDATION(S):

That this report be received for information.

INTRODUCTION:

This report will provide information requested at the 2012 March 22 Edmonton Police Commission (EPC) public meeting regarding the NET program.

BACKGROUND:

In facilitating the business structure for the Violence Reduction Strategy, the Office of Strategy Management utilized an outcomes map process that showed the attribution of individual programs or projects to the achievement of the strategic outcomes.

COMMENTS/DISCUSSION:

At the 2012 March 22, EPS meeting an excerpt from the full Intervention outcomes map was displayed for the Community Action Teams. This particular map is one of the three developed. The other maps cover Prevention and Suppression activities. There is some overlap, however activities were placed where the most significant attribution could be made.

Commissioner Keli Tamaklo requested that a similar excerpt be provided related to the NET program.

CONCLUSION:

Attachment 1 to this memo shows the excerpt for the NET program.
